

**LOOKING
FOR SOME
EXTRA
SUPPORT?**

**MEET OUR
OCCUPATIONAL ASSESSORS**

FINDING A JOB WITH AN INJURY, ILLNESS, DISABILITY OR A HEALTH CONDITION, CAN BE CHALLENGING... BUT IT DOESN'T HAVE TO BE

Our team of Occupational Assessors (OAs) are qualified allied health professionals that specialise in a wide range of employment related supports.

Accessed through our Disability Employment Service, our OAs provide specialised one-on-one support tailored to your individual needs and health condition.

Whether you need help making sense of medical reports and recommendations, or practical advice for managing your health condition before and after finding work, our OAs can help.

TAILORED TO YOUR NEEDS

Every person is different and so are our needs. That's why our OAs work with you to develop a plan just for you.

Your dedicated OA can help with things like:

- Planning and setting goals
- Finding the right type of job for you and your health condition
- Referrals to psychological, medical and community supports
- Translating and interpreting medical jargon into actionable advice, and so much more

To find out how Campbell Page can help you find (and keep) a job, call us today.
